# 1 PURPOSE OF THE DOCUMENT

This document constitutes the general terms and conditions for the use of certificates issued by the “*AC AUTHENTICATION ET SIGNATURE MEF QUALIFIEE*” Certification Authority of the ministries for the economy and finance (MEF).

This document contains a summary of the provisions of the Certification Policy of the “*AC AUTHENTICATION ET SIGNATURE MEF QUALIFIEE*” CA of the MEF, identified by OID 1.2.250.1.131.1.11.6.3.1.1, including the terms of using certificates as well as the respective commitments and responsibilities of the various stakeholders in question.

# 2 DEFINITIONS AND ACRONYMS

|  |  |
|--|--|
| Certification Authority (CA)           | A Certification Authority is in charge of at least one certification policy (CP) and is identified as such, as an issuer (in the “issuer” field of the certificate) in certificates issued under the certification policy.   |
| Registration Authority (RA)            | The RA applies procedures to identify natural persons or legal entities, in accordance with the rules imposed by the Certification Authority. Its purpose is to establish that the applicant has the identity and capacity stated in the certificate.  |
| Certificate Revocation List (CRL)      | List of certificate numbers that have been revoked. The CRL is signed by the certification authority to ensure its integrity and authenticity.   |
| Certification Practice Statement (CPS) | All practices to be carried out in order to meet the requirements of the CP.   |
| Certification Policy (CP)              | Set of rules that sets out the conditions governing the applicability of a certificate for a given community or for applications with common security requirements.  |
| Holder                                 | A certificate holder must be an individual. The holder is an agent of the MEF or an external person contractually bound to the MEF who uses their private key and the associated electronic certificate for their activities relating to the entity identified on the electronic certificate, with which they have a contractual, hierarchical or regulatory relationship. |
| Certification Agent (CAg)              | The CAg is a person who, by law or by delegation, has the authority to authorise applications for certificates bearing the name of the organisation. They may also have other powers to act on behalf of the organisation, such as the revocation of certificates.   |

| <p><b>Term/Effective Date</b></p>                            | <p>These General Terms and Conditions of Use shall be binding on the holder following acceptance and, failing this, when the certificate is first used.</p> <p>The General Terms and Conditions of Use are enforceable throughout the certificate’s three-year term for dual use authentication and signature certificates, without prejudice to any updates thereto.</p> <p>The CA undertakes to communicate using any means available to it (<i>email, online notification, etc.</i>) any new version of the General Terms and Conditions of Use.</p>  |

|   |  |
|---|--|
|   | <p>By using the certificate after amendments or updates are made to the General Terms and Conditions of Use, the holder is deemed to have accepted the new General Terms and Conditions of Use.</p>  |
| <p><b>Procedures for obtaining certificates</b></p> | <p><b>Initial validation of identity</b><br/> An application for a certificate may only be made by one of the following persons:</p> <ul style="list-style-type: none"> <li>• The future holder,</li> <li>• A CAg,</li> <li>• The RA,</li> </ul> <p>A holder may register directly with the RA or via a Certification Agent. In the latter case, the CAg must first be registered with the RA.<br/> The verification and initial validation of the identity of an entity or individual is carried out in the following cases:</p> <ul style="list-style-type: none"> <li>• <u>Registration of a holder without a CAg</u>: validation by the RA of the “legal entity” identity of the holder’s connected entity and the “individual” identity of the future holder.</li> <li>• <u>Registration of a CAg</u>: validation of the “legal entity” identity of the entity for which the CAg will operate and the “individual” identity of the future CAg.</li> <li>• <u>Registration of a holder via a CAg</u>: validation by the CAg of the “individual” identity of the future holder.</li> </ul> <p>The CA proposes to issue:</p> <ul style="list-style-type: none"> <li>• Certificates on an “<i>agent</i>” card for agents included on the MEF’s list of agents who do not require the intervention of a CAg,</li> <li>• Certificates on a “<i>temporary</i>” card for: <ul style="list-style-type: none"> <li>○ Agents included on the MEF’s list of agents who do not require the intervention of a CAg,</li> <li>○ Agents who are not included on the MEF’s list of agents (for example, new joiners) who require the intervention of a CAg and need to apply for a certificate,</li> <li>○ External service providers, who are by definition not included on the MEF’s list of agents (<i>even if they may be included in the RA’s reference directory</i>), who require the intervention of a CAg and need to apply for a certificate.</li> </ul> </li> </ul> <p><b>Application for a certificate</b><br/> The application for a certificate must, at the very least, contain the following information:</p> <ul style="list-style-type: none"> <li>• The name of the holder to be used in the certificate,</li> <li>• The holder’s personal identification information,</li> <li>• Information on the holder’s entity.</li> </ul> <p><b>Issuance of the certificate</b><br/> The customisation of the holder’s QSCD and the issuance of the certificate are carried out by the RA in the presence of the holder who, at the end of the meeting, receives his/her customised hardware device (card) containing his/her certificates.</p> |

|   |  |
|---|--|
|   | <p><b>Acceptance of the certificate</b><br/> The certificate generated following customisation of the hardware device is presented to the holder for validation.<br/> The holder accepts the certificate by clicking on a “Validate” button.</p>   |
| <p><b>How to activate and unlock the card</b></p> | <p><b>Activating the card</b><br/> The activation of the cardholder's private key contained in the card requires the entry of the PIN code of the card, defined by the cardholder when obtaining the certificate and which is under his exclusive control.</p> <p><b>Unlocking the card</b><br/> In the event of a card being blocked following several successive erroneous attempts to enter the PIN code, the AC shall make available to the cardholder exclusively a card unlocking service.<br/> For any request to unlock a card, the holder must contact an authorized unlocking operator.</p>  |
| <p><b>Renewal procedures</b></p>                  | <p>A notification is sent to the holder close to the expiry date of the certificate so that a new certificate can be prepared for issue.<br/> The provision of a new certificate to the holder is triggered at the initiative of the holder. The renewal process covers only the “agent” card and not the “temporary” card, which must be applied for using the same process as for the initial application.</p> <p>When first renewed, the verification of the holder’s identity is optional. If there are no changes to the identified identities, the list of documents to be provided is reduced. Accordingly, the holder can simply carry out the operation themselves by authenticating their identity using the old certificate which remains valid.</p> <p>When next renewed, the RA, on receipt of the application, identifies the holder using the same procedure as for the initial registration.</p> <p><u>Note:</u> A new key pair is systematically issued on the issue of a certificate.</p>  |
| <p><b>Revocation procedures</b></p>               | <p><b>Identification and validation of a request for revocation</b><br/> A request to revoke a certificate issued by the “AC AUTHENTICATION ET SIGNATURE MEF QUALIFIEE” CA may be made by:</p> <ul style="list-style-type: none"> <li>• The holder themselves,</li> <li>• A CA or legal representative of the holder’s entity or an authorised person,</li> <li>• The RA,</li> <li>• The CA.</li> </ul> <p>The request for revocation may be made:</p> <ul style="list-style-type: none"> <li>• On the Internet if the holder has a means of Self-service portal authentication</li> <li>• At a face-to-face meeting between the holder and the RA at which the holder presents an official identity document,</li> <li>• Via a call center depending on the RA,</li> <li>• By email or by post, the request must be signed by the applicant. The revocation form is available on the publication sites <a href="http://igc.finances.gouv.fr">igc.finances.gouv.fr</a>, <a href="http://igc1.finances.gouv.fr">igc1.finances.gouv.fr</a>, <a href="http://igc2.finances.gouv.fr">igc2.finances.gouv.fr</a>. **Request for revocation**

The request for revocation must, at the very least, contain the following information:

- The identity of the holder included on the certificate (*last name and first name*),
- The name of the person requesting the revocation,
- Information enabling the certificate that is to be revoked to be found quickly and accurately (*by default the serial number*),
- Possibly, the grounds for revocation.

**Processing a revocation request**

Once the application has been authenticated and checked, the revocation management function revokes the corresponding certificate by changing its status and then communicates this new status to the certificate status information function.

**Notification of revocation**

Regardless of the cause of a certificate being revoked, holders shall be notified of the revocation of their certificate. The CAg may also be notified. Such notification shall be sent by email and state the date on which the revocation of the certificate took effect.

**Cessation of the CA's activities**

In the event that it fully ceases its activities, the CA or, where that is impossible, any entity substitutes for it by law, a regulation, a court decision or an agreement previously entered into with that entity, shall revoke the certificates and the publication of the CRL in accordance with the commitments made in the CP.
